About this book: This is the story of how a supernatural creature clawing in the dark was one of the most disturbing things I've ever experienced.

About this series: This is not just a horror novel or a true life story, it's also a game. I wanted to write out my real life supernatural experiences, but I also wanted to remain anonymous, so I disguise my identity by writing two fake stories along with every real story I tell.

It's your job to figure out which story is true and which ones are fake.
