How about a knitting project you can really sink your teeth into and knit thorough the holidays? I've named this sweater "Three Rectangles, Two Triangles" for a reason – those are the simple shapes required. This is a drop-shoulder sweater jacket knit in bulky yarn and a dense mock rib stitch. This project is most appropriate for knitters with at least "advanced beginner" skills – comfortable with casting-on, knitting, and purling. Everything else is covered in the four-part video tutorial.
