The Origins of Dragon Time and the Amazing World of Pern

Dragon Time is a pivotal concept in the Dragonriders Of Pern series. It refers to the periodic appearances of Thread, a dangerous and deadly organism that falls from the sky, threatening all life on Pern. Dragons and their riders engage in heroic battles to eliminate the Thread and protect the inhabitants of the world.

Pern itself is a unique planet, isolated and distant from other inhabited worlds. It is a place where society is built around the protection and relationship between humans and dragons. The bond between a dragon and its rider is forged through a process called Impression, which creates an unbreakable lifelong connection.
