Fernande Olivier, born Amélie Lang, was a French artist and model who led a life intertwined with Picasso's creativity and passion. Their relationship began in 1904, a period of immense artistic transformation for the young Picasso. At that time, Picasso was in his early 20s and still finding his voice as an artist. Fernande, already a well-established model, captivated Picasso with her striking looks and enigmatic aura.

As their relationship blossomed, so did Picasso's artistic prowess. Fernande became the muse behind some of Picasso's most celebrated works, including the iconic "Les Femmes d'Alger" and "La Famille Soler." Through her presence and unwavering support, she encouraged

Picasso to push the boundaries of artistic expression, leading him toward the path of Cubism and challenging conventions with every stroke of his brush.

Their tumultuous relationship endured for several years, with both parties experiencing moments of intense admiration and bouts of jealousy and insecurity. Picasso's growing fame and his constant pursuit of artistic innovation often strained their connection, but Fernande remained a pillar of love and support.

Picasso's art, inspired by Fernande and their shared experiences, celebrated the beauty of femininity, love, and desire. His unique style depicted their complex relationship and revealed the depths of his emotions. Picasso found solace and inspiration in Fernande's unwavering commitment, and their turbulent bond was immortalized on countless canvases.

Unfortunately, like many passionate relationships, Picasso and Fernande's love story eventually came to an end. As Picasso's career continued to soar, Fernande slowly faded from his life, making way for new muses and collaborations. Yet, the impact of their connection on both Picasso's art and Fernande's own creative journey cannot be understated.

Fernande Olivier serves as a testament to the power of love, inspiration, and artistic collaboration. As a witness to Picasso's meteoric rise, she remains an essential figure in the art world, her influence forever entwined with Picasso's legacy.

Today, their story stands as a reminder of the profound impact that love and support can have on the creative process. It serves as a testament to the

enduring power of art and the ability of relationships to shape our lives in ways we never thought possible.

Marie-Thérèse Walter was seventeen when she met Picasso. He was forty-six. These poems - as simple and direct as quick sketches - use her voice to tell the story of the relationship with Picasso and what it meant to her from its first beginnings, until the day on which she took her own life, three years after his death. The poems illuminate his love for a woman who was, as John Berger says, 'the sexually most important affair of his life'; they also, perhaps, make sense of Marie-Thérèse's love for him. Jeff Fisher's drawings animate the vivid voice of Marie-Thérèse, created with great immediacy by Julia Blackburn.
