Do you think zombies exist in real life? No, right?

A miracle happened to Long Chen and he somehow transmigrated to an apocalyptic world that was filled with zombies and ferocious beasts.

Every day, he had to face the zombies and the beasts that he had only seen on TV before.

Being a transmigrator, he found out that he could pick up the attributes dropped by the others to strengthen himself and increase his power.

In his world, he could pick up anything he wanted, whether it was power or speed. All of his survival skills such as strength, agility, defense, martial skills could also be picked up from the dead bodies of the zombies and other places.

Surprisingly, he could even pick up the girls.

In this lifetime, cultivation was impossible. Therefore, he could only survive by relying on picking up the attributes.

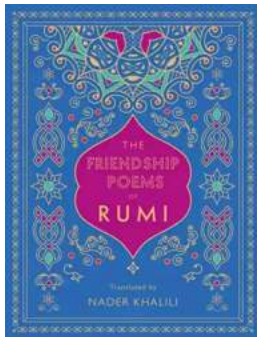

The more he killed the zombies, the closer he was to reaching the level of Evolver.

However, would that journey be easy? What difficulties would he have to encounter on his way to becoming the Evolver?
