By the bestselling author of the Escape to New Zealand series—They’re going to party like it’s 1885.

Mira Walker is hoping that competing on a “living history” reality show will give her what’s missing from her real life. Maybe she’ll get closer to her boyfriend, who hasn’t been all that nice to her lately. Get fired up about her job again. Who knows, she might even win a million dollars.

Gabe Kincaid and his brother Alec are after that million too, though. Mira and Scott are no threat at all, not when everybody involved is going to want to kill Scott after the first day. And there's no bond stronger than a twin's. What could possibly go wrong?

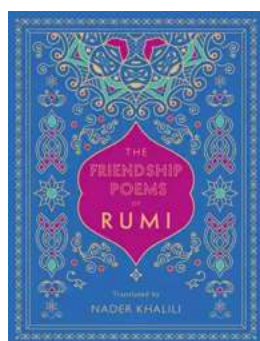

Note: Despite the TV cameras, things do heat up in the Idaho summer. If you prefer your Kindle to remain unwarmed, this may not be the book for you.

This is a STAND-ALONE novel with NO cliffhanger.
